WILLOW SPRINGS SCHOOL, WHERE A LOVE OF LEARNING GROWS.

Dear Parent/Guardian,

Good vision is important for success in school. We are pleased that Ageless Eye Care will be serving our School District this year!

Ageless Eye Care will provide eye exams and glasses (if needed) at **NO COST** to your child. If the student does not have insurance, the vision exam and eyeglasses are provided at no cost to the family. If available, health insurance will be billed.

**Below are reasons why your child may need an eye exam:**

- My child is entering kindergarten
- My child is entering Illinois schools for the first time at any grade level
- My child failed the vision screening
- My child has an IEP
- My child's teacher recommended they receive an eye exam
- My child experiences any of the following:
  - Squinting
  - Tilting the head
  - Sitting too close to the television
  - Losing place while reading
  - Rubbing eyes
  - Excessive tearing or headaches

A completed and signed consent form is required to give your child an eye exam. Please read the attached consent and ask about anything that you do not understand. We will be happy to explain it.

Please remember to:

- **Sign the signature line.**
- Complete the last page with your child's medical history.
- Return the form to your child's school **as soon as possible** – Your child must have a signed consent form to receive services.

After the eye exam, if your child requires glasses, an optician will help your child select frames. Glasses will be delivered within 4 weeks to the school. If further eye care is indicated, a referral will be provided.

If you have questions, please contact \_\_\_\_\_

Sincerely,

# Ageless Eye Care Vision Services Consent Form

Your child has failed a vision screening test performed at school or was recommended for a comprehensive eye exam to determine if he/she needs prescription eyeglasses or other treatment by a vision care professional. Please fill out this consent for your child to receive the eye exam.

As part of your child's eye exam, eye drops will be used for the purpose of dilating his/her eyes. These drops are an important part of an eye exam because they widen the pupil so the doctor can check the health of the eye. Temporary effects of these eye drops may include blurred vision and sensitivity to light, both of which could restrict your child's mobility, making it unsafe for him/her to travel unassisted or to operate a vehicle for the rest of the day.

I hereby give my consent for my child to be examined by the doctors of Ageless Eye Care for an eye exam and prescription eyeglasses. This consent does not authorize any treatments or service beyond what is stated. I understand that the Provider will bill the Illinois Medicaid or any other currently applicable insurance (including Managed Care Organizations) for any reimbursable services and/or materials. I understand my consent will be valid for one year from the date of signature. I have read the above information and have had the opportunity to have my questions answered.
