### **Principal's Message**

Dear Willow Families,

Happy December! It is hard to believe that we are in the last month of the calendar year! This past Wednesday we honored 65 Wolverines of the Month. Each student was nominated by a staff member for exhibiting the following characteristics:

- August: Welcoming
- September: Enthusiasm
- October: Responsibility

Congratulations to all of our winners!

These next three weeks are filled with exciting and festive activities. Please take a few minutes to read through the Willow Weekly for all the upcoming events.

Sincerely,

*Dr. Alexandra Oreluk*

## Transitional Kindergarten

What name are you practicing when you get to school now? (my first and last)

What is the "Star Jar"? ( When we are good listeners during calendar we earn a star in the jar. Once the jar is filled, we will celebrate with an ice cream party)

This week for Happily Ever After, we are reading the story, "Jingles, Poems, and Rhymes". We are working on book handling, positional words, comprehension, and identifying parts of a whole. We are also working on letter Kk and making a King's crown. We will also begin our new ABC pattern.

### \*Reminders\*

If you have not already, turn in Gingerbread person on Monday so your child can have their Show and Tell.

## EARLY CHILDHOOD

12/01/23

### Literacy:

This week we continue Jingles, Poems, and Rhymes.

- Vocabulary: purple, square, front, back, next to, behind, between
- Letter recognition of l, i, j, k, K, k
- Comprehension: Following directions oral directions
- Fine Motor Skills:
  - Trace and color in a square

### Math:

This week, we will begin lesson two in math! We will identify the shapes triangle, square, and circle.

### \*Reminders\*

- Please send a snack daily
- Please practice identifying your child's name and the letters in their name!

# KINDERGARTEN

12/01/23

## SUPERKIDS

Next week, we will be learning about three Superkids that are sometimes called triple trouble. These Superkids like to tumble on a trampoline, toot on a tuba and toss tangerines. The new letter we will be learning about is Tt. Please remember to have your child practice the reading list that is sent home each week to help them with blending and fluency. Reading practice should be 10 minutes everyday.

## MATH

We will be acting out joining problems and solving word problems within 10. Students will be adding within 10 and fluently adding within 5.

## SOCIAL STUDIES/SCIENCE

We will introduce the class to instruments in a band and the different sounds each instrument makes

## NEWS & REMINDERS

- **Happy Birthday week to Noel!**
- We have snack and water breaks everyday. Please remember to send a healthy snack and a water bottle for snack time. The teachers do not have spare water bottles in the classroom.
- Please remember students should bring their ipads in everyday fully charged.
- December 7 Theme Thursday: National Illinois Day. **Wear your favorite Illinois gear.**

### Mark your calendar:

- **No School December 25-January 5** for Holiday break.
- The holiday program will be December 21 at 6:00p. The Kindergarten kids will be singing in the program.

# FIRST GRADE

12/01/23

## Language Arts

We will finish Unit 5 in Superkids this week and take the unit assessment.  
Word Work - Students will continue to practice reading and writing base words with the *-ing* and *-ed* endings.

Reading - Students will read grade-level text and then discuss problem and solution and cause and effect.

Writing - Students will practice using descriptive details in their writing.

\*There will be a Spelling Test on Friday. Please have your student practice spelling and reading the words below every night for homework.\*

- \*Please check gold folders every night.

# 3RD GRADE

12/01/23

## ELA

We started Unit 3 - The Human Body. Students will close-read and answer comprehension questions about the body's skeletal system. We will identify the correct use of prefixes dis- and mis-. Our spelling word list has both regular and irregular plurals. The spelling test will be Friday, Dec. 8th.

## Math

We will be starting topic 5 this week- unit fractions. We will partition models and use pattern blocks to represent fractions as parts and wholes.

## Social Studies

We will be looking at famous Americans

## Science

Students revisit the Floating Paper Clip Device and find ways to make the paper clip fall. Through class discussion and diagramming, students discover that each way of making the paper clip fall involves changing the balanced forces to unbalanced forces.

SEAMLESS VECTOR PATTERN

# 4TH GRADE

12/01/23

## ELA

Students will evaluate the most positive and negative actions King Henry II took while in power, using information from the text to analyze what happened and why. We will practice taking notes and organizing ideas in preparation for writing a persuasive paragraph about the Middle Ages. Our target spelling words include the prefixes en-, non-, and un-.

## Math

Last week we compared decimals and ordered them. We have been working on putting them on a number line. We also are writing decimals as mixed numbers. We will be tested on this skills this upcoming week.

## Social Studies

We will be studying the Southeast region of the U.S.

## Science

Students are introduced to their first hands-on design challenge: to design and build a wind turbine. In this lesson, students engage in a student-driven learning sequence in which they design their wind turbines.

# 5TH GRADE

12/01/23

## ELA

Students will identify and explain similarities and differences between Maya, Aztec, and Inca myths. Students will finish a Codex Project about a chosen cultural aspect of the civilizations studied.

We will have our end of unit assessment and spelling test this week.

## Math

We have been working on decimals to the thousandths place. We are placing decimals on a number line and writing decimals as a mixed number. We will be moving towards rounding and comparing decimals.

## Social Studies

We will start to study the American Revolution.

## Science

Students begin a student-driven learning sequence in which they plan and conduct investigations using the Patterns of Earth and Sky Simulation.

### Unit 3: The Recipe for Success

At the start of this week Students began working on their new unit, *The Recipe for Success*, by looking at key terms associated with being successful. Students determined the meaning of words and phrases as they are used in a text and are beginning to look at their essential question for the unit, *What does it take to achieve success?*. Students are applying this question to new informational texts and success stories that we analyze and study in class as they learn and determine the steps they need to take to find/ achieve success.

7th Grade

### Unit 3: Social Media/Informational Texts

This week, students demonstrated their understanding of informational texts by finding relevant evidence and writing logical reasoning to support their claim about how social media impacts adolescents. Students also learned new academic vocabulary and were assessed on them today.

8th Grade

### Conveying Courage

Students began their new unit this week, Conveying Courage. This week students worked through some new vocabulary words that help them learn about courage. They also read and worked through a Letter from Frederick Douglass about Harriet Tubman. Through this students learned about imagery and how author's use this figurative language to help convey their message within a text. Next week students will begin studying poetry. We will learn about imagery and other forms of figurative language as well as rhyme scheme.

## Art

### K-5 Art

**Kindergarten:** KL students are making Winter Cardinals! They created a sky paper by printing marker coloring off of aluminum foil! We then will make paper cardinals using basic shapes.

**1st Grade:** Students in 1T are working on a "Happy Penguin" project. We learned about how to show movement in art by drawing spiral lines and painting a cold background. We then will make penguins out of paper and add details like scarves and hats!

**2nd Grade:** Students in 2M are working on a project called "Under the Leaves". We made a forest scene and cut and glued leaves that you can 'peek' under to see who is hiding on the forest floor!

**3rd Grade:** Students in 3C are working on a project called "Over and Under the Snow". We read a book and learned about what different animals do in winter. We are making a layered painting showing underground hibernating animals, and animals that stay awake and brave the cold and snowy winter!

**4th Grade:** Students in 4B started a paper project called "Cozy Animals". We talked about symmetry and cut our animals out on folded paper to make them symmetrical. We will add "pop-out" hands and add paper details to make our animals look cozy and warm!

**5th grade:** Students do not have art for this quarter rotation.

### 6-8th Art

**6th Grade:** 6K students are working on a Line Painting inspired by artist Joseph Amedokpo. We will also be starting to glaze, or paint, our ceramic pinch pot monsters!

**7th Grade:** 7P students are finishing their Pop Art projects. We will also start making 3D animals out of clay next week!

**8th Grade:** 8th grade does not have art class for this rotation.

## SOCIAL WORK

### **After-School Conversation Topics**

*Reflect on the following questions with your student to expand thoughts and feelings related to their school experience:*

- 1. What are you most proud of this week in school?*
- 2. What was most difficult in school this week?*
- 3. How did you deal with this difficulty?*
- 4. What brought you most satisfaction this week?*

## S.I. K-2 & 4th Grade Classes with ClearMath

**Kindergarten**—We started Topic 4—Sorting objects according to their attributes. We are learning to count objects in groups, then compare and order each group.

**1st Grade**—We are starting Topic 4—Exploring grouping by tens and ones through the use of connecting cubes, working with 2 digit numbers on the number line and locating multiples of 10, and adding and subtracting multiples of 10 with 2 digit numbers.

**2nd Grade**—We are continuing Topic 2, which focuses on place value through 999. We are using place value cubes to model numbers through 999 and beginning regrouping.

**4th Grade**—We are continuing Topic 3, which focuses on fraction equivalence and comparisons.

## CHRISTMAS AROUND THE WORLD : SPOTLIGHT SERBIA

For many Serbs, the real Christmas celebration starts on Christmas Eve, 6th January. Christmas Eve practically combines Christmas Eve and Christmas.

On Christmas Eve (called Badnji dan during the day and Badnje vece after sunset), families gather and many people fast and don't eat food that comes from animals. It is the last day of the Christmas fast. Christmas is a very religious holiday and most people go to the Christmas Services. There are a lot of old Serbian traditions that associate with the countryside, which have now lost their meaning because more people live in towns and cities. On the morning of Christmas Eve, the father of the family used to go to the forest to cut a young oak called the Badnjak (Christmas Eve tree) but today people just buy one. The oak tree is a crucial component of a proper Serbian Christmas and on the morning of Christmas Eve.

# Message from Nurse Drogosz

## **\*\*IMPORTANT REMINDER**

### **Common Illness & School Attendance Reminder**

Students are expected to attend school every day. However, illnesses can be lengthy and sometimes difficult deciding whether or not to send your child to school. The following information may be helpful in making your decision. Please be sure and provide your current phone number and the available emergency contact information. **If your child is going to be absent, please call our attendance line-(708)-467-3650. You must leave your child's name, the reason for the absence, the date of the absence and your name to verify that it was a parent/guardian that is verifying the absence.**

#### **Fever:**

Any temperature greater than 100 degrees F is considered a fever. Child must be fever free for 24 hours without using fever-reducing medications (such as Tylenol, Motrin, Advil, etc.) in order to return to school. This applies even if the underlying cause of the fever is non-infectious, such as middle ear infections, bronchitis, urinary tract infections, etc. Children with a fever do not usually feel well enough to participate and attend school activities. It is recommended that they be given 24 hours to recover from the fever before returning to school. Please note that a child who exhibits symptoms of illness without a fever may be sent home if the nurse feels this is in the best interest of the child or the child's classmates (with compromised immune systems).

#### **Colds:**

Children with an upper respiratory infection without a fever may attend school if they feel well enough to do so. It is helpful in preventing the spread of illness if children learn to use tissues to cover sneezes and coughs, and wash hands after contact with the secretions.

#### **Infections:**

Any child who has been on antibiotic therapy for 24 hours is no longer considered infectious and may return to school. This includes infections of the eye, nose(**green discharge**), skin and strep infections. (Exception is pink eye, not all doctors treat this, so the doctor or nurse will decide if exclusion is necessary to protect others from being contaminated).

#### **Diarrhea:**

Children with diarrhea should remain home until they are symptom free for 24 hours. The only exception is if diarrhea is the result of a chronic condition, then a note from the doctor is needed indicating the diarrhea is not infectious.

#### **Vomiting**

A child who has vomited the evening before or in the morning before school should remain home for the day.

#### **Rash:**

If your child has a rash all over his body (bright red, raised, or itchy) or a rash in one or more areas that is draining fluid. The nurse will determine the next action to be taken.

#### **Common Childhood Diseases**

If a child has chicken pox, measles, or any other known treatable contagious disease, they must be kept home until they are no longer contagious. For most common childhood diseases, the period of contagion is known. Consult Nurse Drogosz.
